CEA Docket No. 62. Decided November 10, 1954. 13 Agric. Dec. 1051 (13 A.D. 1051).

The syllabus published in the 1954 November issue of the *Agriculture Decisions* in connection with this case, which states that trader-respondent admitted trading in futures in excess of limits and concealing such transactions and that the other respondents admitted such concealment and submission of false reports, is in error and is hereby withdrawn, said respondents having admitted only jurisdictional facts.
